

Specification:

Printer Model		Deluxejet6502
Printhead		EPSON 4720 (Option: EPSON DX7, XP600, DX5, TX800)
Number of Printhead		Two
Print Resolution		1440dpi
Maximum Print Width		650mm
Speed		Production Model 4pass:15 m²/h
		Quality Model 6pass:9 m²/h
		High-resolution Model 8pass:7 m²/h
Ink	Type	Textile Pigment ink
	Color	K\C\M\Y + White
	Capacity	1.5L ink tank
	Ink Supply System	Negative Pressure Continuous Ink Supply System
Media	Maximum Width	730mm
	Feeding System	Maximum Weigh 40kg
	Type	Heat Transfer Vinyl
Printhead Height		Adjustable
Printhead Clean		Automatically Cleaning, Owing Anti-blocking, Auto flash & Moisturizing
Heating System		Tri-stage Heating System Control by PID Temperature Control System
Drying System		Powder Fix Machine
Language		Chinese\English
Operation System		Windows
Print Interface		1000M/Network Interface
Compatibility		Support LAN Print
RIP Software		MainTop\photoPRINT\Wasatch\Onyx
Working Environment		Temperature:18°- 35° Humidity:35RH - 65RH
Power Supply		AC_110V/220V, 50/60HZ
Power(W)		Stand-by Power 32W, Maximum Power 1200W
Noise		Stand-by<32dB, Working<65dB
Machine Dimension		1480mmx730mmx1475mm (LxWxH)
Net Weight		115kg
Package Dimension		1570mmx750mmx625mm (LxWxH)
Gross Weight		165kg
Model Name		Powder Fix Machine
Material		Hot Melt Powder
Max Working Width		70cm
Working Speed		20 m²/h
Power Supply		220V, 50-60Hz
Power(W)		3.5KW
Machine Dimension		2050mmx1150mmx1350mm
Package Dimension		2150mmx1280mmx1470mm
Net Weight		180kg
Gross Weight		240kg
